

# My Influential Relative

By: Victoria Medici

# Who?

My influential relative is my sister, Elisabetta Medici she is 18 years old. She is in her senior year at Ogden International School of Chicago. She plays lacrosse from AYLA elite and Whitney Young High School. Also she loves makeup.

# Why?

Why I chose my sister for my influential relative because she is a very strong person, mentally anyway. She always knows what to do, she is very caring and protective of the ones she cares about. Also she is very very smart and she always knows what to say that makes situations a whole lot better. I'm very proud of who she has become and i love her very much.

Thank you The End
